CONNECT TO MultiLine

Here are the steps to follow to connect to MultiLine via the LuxTrust portal:

- Choice of the LuxTrust device
- At the 1st use, choice of the secret image
- Authentication by typing its PIN

1. Go to the MultiLine login URL:
   https://ebanking.prod.multiline.lu/IBS/portal/ControllerPortal

2. You are automatically redirected to the LuxTrust portal, asking you to choose your connection device:
3. Your LuxTrust certificate is loaded from your LuxTrust product:

When loading, a 2nd tab with the LuxTrust logo can open. It must be closed to continue authentication on the LuxTrust portal.

To avoid closing this tab with each authentication, you must add the site https://*.luxtrust.com to the trusted sites of your browser and the sites below referenced:
https://login.prod.multiline.lu
https://sign.prod.multiline.lu
https://*.luxtrust.lu
For more details, click on the online help below:
https://www.multiline.lu/index.php?id=84&L=1

Your certificate is loaded, click on authenticate

4. During the first use of the LuxTrust portal, you must choose a secret image:
Then enter your PIN in the pop-up that appears:

5. During the next use of the LuxTrust portal, this secret image will be reused:
6. You arrive then on the MultiLine login page
SIGN A PAYMENT IN MULTI-Line

Here are the steps to sign a payment in MultiLine via the LuxTrust portal:

- Request for signature
- Loading the certificate
- Checking the signature reference
- Sign by encoding the PIN code

1. Select the payment to sign and initiate the signature
2. You are redirected to the LuxTrust portal and your certificate is loaded.

Check the payment information at the bottom of the page and confirm the choice of certificate.
3. Check your MultiLine signature reference with the one that appears in your secret image at LuxTrust.

Sign with Luxtrust
1. Review the content you are about to sign.
2. Remember your summary data (top right corner of the screen).
3. Continue to sign with Luxtrust.

This complementary security process meets the requirements of the second European Payment Services Directive, also named PSD2.

The reference signature from MultiLine present in the upper right corner, in this example "OLIVE 730 O'KEEFETOWN" MUST be the same as the one from LuxTrust, shown in your secret image.

If this is not the case, please STOP your signature process immediately, inform your IT department, contact the LuxTrust helpdesk and get in touch with your bank (s) as soon as possible.

If not, you can continue your current signing process.
4. Sign your payment by entering the PIN code
